Timetables

Timetables of obligatory courses are available in the second half of August on the website of the Registrar's Office: (www.aok.pte.hu → switch to English → Administration → MS Registrar's Office → Timetables)

Attending courses

Attending courses (not exam courses) in the semester is obligatory. Practical courses may be attended only by students, who have enrolled for the course in the ETR (neither by those students, who have booked the course as an exam course!). Checking one's own course list on the ETR is the responsibility of the students. After September 04 courses can only be enrolled for according to 2/A§ (2) of the 2nd Annex of the CSE. (See "Late enrolment for obligatory courses" below)

Elective and optional courses

In case a lecturer hasn't determined the date and time of an elective or optional course till the start of the semester, he/she has the opportunity to make an appointment with the students interested in the course. You get information about it when clicking on the title of the course in the ETR.

According to 2/A§ (5) of the 2nd Annex of the CSE, rules concerning optional courses have changed as follows:

"If a course-unit has been enrolled for by fewer students than the minimum number of students stipulated when announcing the course-unit, the person responsible for the course-unit shall have the right not to launch the course. Students having enrolled for the course shall be notified about it by the fourth day of term-time at the latest. Failing to effect such notification, the course shall be provided even in the case of one student attending it."

Exam courses

1. You can sign up on an exam course if you have set your semester active.
2. You can only sign up on an exam course in the ETR (not in the Registrar's Office!)
3. You will get information on the headcount limits for exam courses in the ETR only during course registration.
4. Booking pre-scheduled exams for exam courses is possible only in the ETR. The examiner can only examine the student, who is on the exam sheet. Since students don't get their gradebooks for the pre-scheduled exams, they have to prove their identity with their identity card or passport.
5. For further information, see 2/A§ of the 2nd Annex of the CSE.

Late registration for obligatory courses

According to 2/A§ (2) of the 2nd Annex of the CSE, late enrolment for obligatory courses is possible as follows:

„Late enrolment for compulsory course-units (including examination courses) may be effected on paying the procedural fee specified in the Fees and Grants Regulations. The request together with the certificate of fee

payment shall be submitted to the Registrar's Office. From the second week of instruction of the semester in the case of a non-examination course, a certificate from the person responsible for the course-unit shall be attached to the request certifying that the student has attended the classes of the course in the given semester and that his/her absence up till that time has not reached 15% percent of the number of contact hours per semester of the course-unit."

Requests to late enrolment for obligatory courses shall be submitted to the RO, along with a receipt certifying the payment of the extra procedural fee and the approval of the course director (the form can be downloaded from the website of the Registrar's Office).

Requests to take up a course in another language or at a different major

The deadline to submit these requests to the Registrar's Office is August 15, 2011. You can download the necessary forms from the website of the Medical School: please go to Registrar's Office, then Downloadable forms. I'd like to remind you that the course director concerned has to approve your request on the form.

2/A.§ (4) of the 2nd Annex of the CSE specifies this procedure as follows:

„The student may take up a course-unit with a language of instruction other than that of his/her training. Its condition is an adequate knowledge of the language. The student shall take the examination in the language of the course-unit taken up. The student shall, not later than five working days prior to the commencement of the registration period, submit a request to this effect containing the consent of the person responsible for the course-unit to the Registrar's Office, where enrolment for the requested course-unit shall be recorded in the ETR and in the student's registration book. The person responsible for the course-unit may limit the number of students taking up the course-unit with a different language of instruction due to education-organisational reasons. During the course of his/her studies the student can take up compulsory course-units with a different language of instruction worth altogether 30 credits at the most. There is no such limit in the case of optional course-units. Course-units enrolled for with a different language of instruction shall be considered as course-units taken up in the original language in respect of determining the tuition fee."

For more information, please read the 'SPECIAL REGULATIONS CONCERNING THE MEDICAL SCHOOL' section of the 2nd Annex of the Code of Studies and Examinations.
